**Re: Gold Star Update HIGH IMPORTANCE**

Many of you know we have been working on a major upgrade to our computer systems for the 2009-10 School Year. Behind the scenes our team has been designing a program exclusively in support of Child Nutrition Programs. This system will create more online tools for order and commodity management as well as assist us in operating as efficiently as possible.

As we transition to the new system this summer, we are going to need your assistance. **Temporarily, Gold Star will not be able to process online orders as of June 19<sup>th</sup>.** If you currently order via the Gold Star online, please order through your Customer Service Representative. 1-800-540-0215

**Online ordering will start again July 6<sup>th</sup>.** At that time all online orders can be entered through our new web site and ordering system. You'll love it and it's easy!

We will be offering a series of Webinars for online training and have our Team ready to help you through your custom needs.

Please feel free to contact me directly with any questions. Extension #144 or [sean@goldstarfoods.com](mailto:sean@goldstarfoods.com)

We are looking forward to sharing this new system, stay tuned for updates. Thank you for your continued support, we are proud to be your Child Nutrition Partner!

Yours sincerely,

Sean Leer
